सूक्ष्म , लघु और मध्यम उद्यम मंत्रालय
Government Of India
Ministry of Micro, Small & Medium Enterprises

Congrats MSMEs!

MSMEs were supposed to pay on-boarding charge of Rs. 10,000/-. Government has further extended waiver of the charges for on-boarding TReDS. It is free till March, 2021. MSME family thanks the Government for this.

Most of the CPSEs and a number of private companies are on TReDS. We request the MSMEs to join TReDS. Or it would be just enough to register as MSME on the Government's Udyam Registration Portal (<https://udyamregistration.gov.in/>). By registering on this, integration with TReDS and GeM will be done seamlessly.

Ministry of MSME encourages the MSMEs to register on the Udyam registration portal. As on 1st September, close to 4.00 lakh registrations have already taken place since the new system was launched in July 2020. Registration process is going on smoothly.

We also re-iterate, advise and alert the enterprises and entrepreneurs to beware of fake websites who are charging money in the name of facilitating Udyam/MSME registration. We request that the registration should be done on and through the Government website only.

Ministry of MSME, Government of India
